BURNS HELD FOR BANK ROBBERY

SEDALIA GARAGE MAN CHARGED WITH CLEARMONT BURGLARY

BROUGHT HERE SATURDAY

Had Disposed of $3,450 Worth of Liberty Bonds, Claimed to Have Been Received From Another Party

Owen J. Burns of Sedalia, Mo., was brought to Maryville Saturday night by Sheriff Dowden on a charge of burglary and larceny in connection with the Jackson bank robbery at Clearmont. Burns, who runs a garage at Sedalia, denied that he had anything to do with the robbery at Clearmont, but admits that two men, whose names he did not know, had brough $6,050 in bonds to him and asked him to sell them on commission. Burns was to have received as his commission all over 85 cents on the dollar, and he disposed of to Sedalia parties $3,450 worth of bonds, the money having been turned over to the two men. Burns had $2,600 worth of bonds in his possession when arrested in Sedalia a week ago.

Secretary Kysar of the State Bankers' Association in Sedalia, had the numbers of the bonds taken in the Clearmont robbery and when Burns was disposing of these bonds at Sedalia he caused his arrest.

Burns is about 46 years old and is a married man. He has been in the garage business in Sedalia for a few years and before that time was a bartender at the Terry Hotel bar in that city. He has furnished to the authorities a description of the two men who turned the bonds over to him. One of the men, Burns states, called on him after the State Fair at Sedalia and told him of being a trader in Liberty bonds, and asked whether Burns would consent to sell the bonds for him on a commission. Burns claims he did not see this man again until the Monday night, October 27, or the Monday following the Clearmont robbery.

While Burns was held at the central police station in St. Joseph on his way to Maryville Saturday, Pat J. Ryan, chief of the identification bureau of that city, finger-printed and "mugged" him.

All of the bonds and war saving stamps taken in the Clearmont bank robbery have been accounted for with the exception of between $300 and $400, and will be returned soon to their original owners, the bonds being now in the possession of Secretary Kysar of the State Bankers' association.

Revenue of the United States postoffice department for the last three years has exceeded the expenditures.

P. C. M'CALL SUCCUMBS TO PARALYTIC STROKE

Funeral Services Will be Held Tomorrow Morning at St. Patrick's Catholic Church

Patrick C. McCall ,who suffered a paralytic stroke late Wednesday afternoon, died Sunday morning at 3 o'clock at the family residence, 416 East Sixth street. Mr. McCall had been in his usual health until stricken, after which he never regained consciousness. Had he lived until Wednesday Mr. McCall would have reached his seventy-f year. He was born and reared land, and was married to Mis garet Gallagher in that country one years ago. Two years later came to this country, locating in Cincinnati, Ohio, for a short time. Several years later they moved to this county and have been residents of Maryville for many years. He is survived by his wife, a daughter, Mrs. Kyle P. Pnares, and three sons, Chas. J., John F., and D. A. McCall, all of Lamar, Colo. The sons arrived in Maryville Friday night on acocunt of the precarious condition of their father.

Funeral services will be held Tuesday morning at 9 o'clock at St. Patrick's church, the Rev. Father Niemann officiating. Burial will be in St. Patrick's cemetery by the side of a son, Frank, who died a number of years ago.

FREAK CORN STALKS WITH THREE EARS EACH

Rolla White Has Splendid Yield This Year on His Farm West of the City

Two corn stalks on which were three big ears of corn each were exhibited at the Democrat-Forum office Saturday by Rolla White. The corn was raised on Mr. White's farm six miles west of the city. Three full well formed ears on one stalk is a decided novelty. Mr. White found a couple of others, but the ears dropped off before he could cut the stalk for showing. Mr. White has had an unusually good yield this year on all his corn.

The mills of the United States every year export more flour than all the rest of the mills in the world produce.

ARMISTICE DAY IN NODAWAY COUNTY

SEVERAL TOWNS TO CELEBRATE FIRST ANNIVERSARY

D. A. R. GIVE MEMORIAL

Will Formally Dedicate Avenue of Trees, 3 o'Clock Tomorrow Afternoon on College Campus

State Historical Society COLUMBIA

e in the city, from the oldest to the youngest infant prod- gotten one year ago to- a concentrated bedlam of n ke loose everywhere in the United States in a jubilant celebration of the cessation of firing and the stillness that had settled down over the trenches in France.

The observance of Armistice Day is nation-wide. Practically all churches in the country held a special commemorative service yesterday in anticipation of the anniversary tomorrow.

The only marking of the day in Maryville will be the dedication of the "Memorial Avenue of Trees" by the Maryville chapter, Daughters of the American Revolution. The ceremony will be carried out as planned at 3 o'clock tomorrow afternoon on the campus of the State Teachers College, where the avenue is to be planted. The dedicatory program is to be quite simple and carried out in a manner due the memory of the forty-two Nodaway county men who gave their lives in battle. The program will include the invocation by Dr. G. S. Cox, an address by Mrs. W. J. Montgomery, regent of the D. A. R., the formal presentation of the ground by President Ira Richardson, and the dedication address by Dr. S. A. Coile, and a talk by Capt. Will Wallis, Jr., for the men in service.

Armistice Day will be observed at the State Teachers College tomorrow morning by a program to be given at 01:30 o'clock in the library. The program will open with an orchestra selection, and there will follow the singing of folk and patriotic songs. Prof. Henry A. Foster, who was in service abroad for the Y. M. C. A., will make a talk, telling of some of his experiences there. Prof .T. H. Cook will follow with a talk explaining the significance of the armistice. John Mtuz, a member of the 89th division, and Jasper Adams, a student at the college, both of whom were in service abroad, will make short speeches, and the closing talk will be made by Major Clifford Powell, a member of the famous Rainbow division, followed by the singing of the "Star Spangled Banner" as a final number.

The people of Jackson township will hold a celebration tomorrow at Ravenwood. This is to be a rousing big event with a barbecue dinner free to all and a homecoming of all the soldiers and sailors of the township. There will be a big parade headed by Hugh McNutt of St. Joseph and joined in by all the school children, patriotic organizations, lodges and public generally, and singing and speeches in the afternoon.

Guilford will also observe Armistice Day, and the celebration there is in charge of all the returned service men of Washington township.

At Barnard the returned soldiers and sailors are going to have a big celebration in their own way, and this includes a box and pie supper and big entertniament, with all the proceeds to be given to the Red Cross and Salvation Army. Every one in Grant township is expected to be there and help in the jollification and also help along a good-deeds organization.

A lecture to have been given in the Conception parish hall by Rev. Father Ambrose, army chaplain ,who is spending a short furlough at Conception Abbey, tomorrow night, has been postponed until Tuesday night, Nov. 18. The bad condition of the roads has caused the postponement. The people of that district have been looking forward with anxiety to this lecture and it was deemed best to postpone it rather than have many disappointed who could not get to town.

Hopkins Man in Critical Condition.

William Lasley, about 60 years old, living near Hopkins, is at St. Francis hospital in a critical condition as the result of being stepped on by a horse Friday as he was attempting to mount him. Mr. Lasley was brought to St. Francis hospital in this city yesterday morning and was at once operated upon. His condition is decidedly critical.

The case is set for trial tomorrow at Grant City.

PAYS TRIBUTE TO MILITARY MEN

COL. GARRETT SPEAKS AT FIRST METHODIST CHURCH

OBSERVE ARMISTICE DAY

Those Who Braved the Storm Well Repaid by Address—Commends the American Legion

The inclement weather of last night kept many away from the First Methodist church to hear the address of Col. Ruby D. Garrett, but those who did attend were doubly repaid for their coming. Colonel Garrett is a splendid speaker, not a spectacular orator, but a vital "hundred per cent American," and his address was not one of harrowing details and radical statements, but a straight, clear and forcible statement of facts and conditions that gave a patriotic impetus to everyone hearing it.

The body of Colonel Garrett's speech was made up of incidents in his one military experience which showed the splendid mettle of the men in the American army.

Pays Splendid Tribute to Men.

He paid a splendid tribute to the courage of the men under his command in the statement that he had never found one a traitor or untrue, and practically all the men were ready and willing to risk all at any moment, and that orders were not necessary in many cases; that they would go into any service, no matter how hazardous, with no thought only that it was for their country and for the right. He told many incidents, also, illustrating the bravery and heroism of the women in France and how well they responded to the need for their help.

The strongest point brought out by the speaker was the great need for patriotic service now, stating "if there ever was a time when patrotism should not sleep it is now, for the problems are just as great as during the war. The war was for the purpose of removing the obstacles in the way of progress; now it is the duty of America to lead steadily the march of progress."

Endorsed American Legion.

Colonel Garrett also spoke of the great work which could be accomplished by the American Legion and the hopes he held in the outcome of this organization, which is non-partisan, non-political and composed of men of all ranks from all over the country gathered into one big unselfish organization, and he urged the men to keep true to the spirit of the Legion as they had done in the times of active service.

The demobilization of the church service flag, which was to be a part of the Sunday night service, was postponed on account of the absence of many of the men. The entire services of the day were patriotic in commemoration of the first anniversary of the signing of the armistice, but on account of the stormy day some details of the program were changed.

LAYMEN CONDUCT SPECIAL SERVICES

MISSOURI MOVEMENT CAMPAIGN LAUNCHED YESTERDAY

CHURCH PLANS WORK

Alex. Holt, Prof. Fred Keller and F. P. Robinson, Speakers—Would Raise $4,300 Yearly for Five Years

The campaign of the Christian churches of Missouri to raise $2,000,000 for their educational institutions, known as the "Missouri Movement" campaign was presented at the morning service yesterday in the First Christian church here by the minute men, appointed to serve during the campaign. This was following instructions from the Kansas City office that the morning services on the 9th should be a laymen's service and that at this service the quotas for all the churches should be announced, for the first time.

The speakers at the church here Alex Holt, Prof. Fred Keller and F. P. Robinson. Mr. Holt traced the history of the great reformation movement from the days of Martin Luther and which finally culminated in what is known as the Restoration movement, a movement to restore the old apostolic church of Jesus Christ which would form a basis for the unity of all religious people. This movement has been the special work of the Christian church for more than a hundred years. Alexander Campbell, the founder of the movement also founded Bethany College, and Mr. Holt told of the sacrifices that were made in those early days to promote education and to build colleges for the educating of church leaders. He also mentioned other colleges such as Texas Christian university and his thought was that if the early reformers should make such sacrifices for education, we should be willing to make some sacrifices to keep it going. We would not be true to them and the cause if we should not build upon the foundations which they so sacrifically laid. "Surely then," declared Mr. Holt, "we will back up this movement in this state and give our colleges all the support we possibly can."

Prof. Keller spent much time in justification of the Christian school and declared his belief that it was needed. The state must support its schools for the educating of the great part of the people, but the church should support schools for the training of Christian leaders, ministers, missionairies, etc. The church school also mould Christian sentiment and helps greatly to keep the moral standard of educational institutions on a high plane. He believed that two million dollars was a small amount to raise for such a great work in this state. Missouri being the seventh state in wealth, surely we would not think that goal set is beyond our power to reach, was the closing thought of his address.

Mr. Robinson announced the quota of the local church. Before doing it, however, he said that we had been in many campaigns and there had been many calls upon us. But in spite of that, we had more money than ever before and the country was never richer, bank deposits were never greater and we were never more able to pull over a campaign of this kind than right now. He also testified of the joy that comes with giving. He said that if there were any who had not responded to the many calls that had come, they had lost the joy and pleasure of this kind of service and surely that man was not getting the most out of life. And it was his thought that those who did not respond to this worthy call for our schools would miss another great opportunity of bringing to himself great joy, besides doing the cause of Christianity untold service. Mr. Robinson announced the quota for the Maryville church which is $21,557 for the five year period. He said this seemed large but when divided by five it really meant a little more than $4300 per year. It was his conviction that the church here would raise it, in fact, he said, "We must do it."

The leaders of the local church are confident of victory in the campaign. The machinery is now working and the plan is to close the campaign next Sunday.

P. D. A. Duncan of Stewartsville returned to his home this afternoon after a week-end visit with friends in Maryville. Mr. Duncan was with the Farmers Trust Company until he went into the banking business at Stewartsville a few weeks ago.

E. C. PETERS, SIBERIAN EDUCATOR, VISITS HERE

Will Secure Material of Vitalized Agriculture Teaching Methods; Guest of the Chamber of Commerce

E. C. Peters, who is connected with the foreign department of the international committee of the Young Men's Christian Association and has been spending the past two years in work in Siberia, is in Maryville today the guest of the Maryville Chamber of Commerce and the school heads of the city.

Mr. Peters is gathering data and first hand information of the methods used in teaching vitalized agriculture in the Nodaway county schools and all other material regarding school teaching plans which he will use in the educational program to be undertaken by the Y. M. C. A. in Siberia during the coming year.

This evening Mr. Peters will be the guest of the board of directors of the Chamber of Commerce at a dinner tonight at the New Linville Hotel, when he will make a short address. He has visited the State Teachers College today and tomorrow in company with G. A. Pickens, secretary of the Chamber of Commerce, and Mrs. O. W. Griffey, who has charge of the vitalized agriculture work in the office of the county superintendent of schools, Prof. A. H. Cooper, will make a trip to some of the rural schools of the county where he can observe the methods of teaching. Mr. Peters will take a number of pictures of Nodaway county's fine stock and agricultural methods from which pictures slides will be made to be used in Siberia.

First Break in Striking Miners Comes Today When Small Number Return to Work at Steubenville Ohio

Washington, Nov. 10.—"The situation is in the hands of the court, and the sovereignty of America must be upheld," was the staement given out from the White house today relative to the coal situation and the declaration of the American Federation of labor to pledge its full support to the striking mine workers. President Wilson stands ready to appoint a tribunal for the settlement of the trouble if the miners comply with the courts order but until the order is complied with, the situation will rest with the judiciary.

Indianapolis, Nov. 10.—The expectation of some new developments at the union labor leaders conference to be held here today to act upon Judge Anderson's order to recall the miners Hayes, president of the Mine Workers Hayes, president of the iMne Workers union, whose coming has cast an air of mystery around the conference. Hayes was not registered at any of the down town hotels but the report was current that the executive was in the city and might figure prominently in the conference. The labor officials went into executive session today at the call of John J. Lewis, secretary, who would offer no comment in advance of the meeting.

Steubenville, Ohio, Nov. 10.—The first break in the hither to solid ranks of forty thousand striking Ohio union coal miners came today when seventy-five or a hundred miners in the high shaft mine of the Steubenville coal mining company returned to work on the old scale.

NOVEMBER "GOES WET" AGAIN. RAIN PRECIPITATION 3:12

River Bank Full Causes Slight Trouble at the Pumping Station Last Night

November is still wet if the country is dry. A heavy rain unusual for this time of year began Saturday night and fell almost continuously until late last night, with a total precipitation of 3.12 inches.

A raise in the river last night caused some quick and dexterous work on the part of Mayor Garrett and the workmen at the pumping station. The water began rising at about 5 o'clock last night and kept on gradually until it was just about bank full by midnight. Since then the water has been at a standstill. The trouble to the plant was caused by the water pouring into the ditch between the river and the pump house wheer the pipes weer open. This was remedied in a few hours quick work.

STATE TEACHERS ELECT OFFICERS

MISS BEULAH BRUNNER IS MADE FIRST VICE PRESIDENT

FAVOR LEAGUE TREATY

Road Bond Issue and New Constitution Also Approved

Miss Beulah Brunner of the department of education of the State Teachers College was elected first vice president of the Missouri State Teachers Association at the close of a three days' session in St. Louis Saturday.

Those attending from this city were President Ira A. Richardson, Miss Brunner, Miss Hettie Anthony, Miss Mildred Miller, Prof. C. C. Leeson and C. E. Wells of the college faculty, Sperintendent J. M. McDonald of the high school and Prof. Bert Cooper, county superintendent.

Kansas City was selected as the next meeting place of the convention. George Melcher of that city was elected president of the association. The other officers elected are: Curtis Crane, Boonville, second vice president; Ida E. Graham, Charleston, third vice president. Executive committee members: Six year term, P. P. Callaway, Monett; five year term, A. L. Threlkeld, Chillicothe.

The important work done at the convention included the adoption of resolutions endorsing the league of nations, the proposed $60,000,000 bond issue for good roads in Missouri and the project to adopt a new state constitution were adopted today at the final session of the fifty-seventh annual meeting of the Missouri State Teachers association at the Coliseum.

Among the resolutions approved was one to fix a minimum scale of wages for teachers for the coming year. The scale was as follows:

High school graduates with professional training, $600 a year.

Holders of life certificates granted by normal schools or colleges, with the equivalent of two years of college training, $900 a year.

Graduates of colleges with professional training, $1200 a year.

At least ten per cent higher salaries than these are to be paid to teachers who have all the qualifications named and in addition have had teaching experience.

Other Resolutions.

Other resolutions adopted favored the organization of departments of hygiene in each town and city school district, the removal of the limits on taxation for rural school purposes, the county unit as a basis for the organization of school districts employing a superintendent, participation in the observance of Missouri's first centennial and in the national campaign for education and thrift, the promotion of the school house as a social center, limiting of instruction in foreign languages to the secondary and higher grades, the abolition of the third grade certificate for teachers and the granting of no certificates at a lower academic level than graduation from a first class high school ,and the gaining of additional revenue for the school system by taxing all property in the state at its full value.

Dr. A. Ross Hill, president of the Missouri State University at Columbia, is chairman of the resolutions committee.

C. A. Phillips, secretary of the committee, in commenting on the resolutions, especially the one fixing salaries for teachers, said that in the rural districts of Missouri in 1918 the average teacher's salary was $383 a year, and that in all districts outside the large cities the average was $450 a year. In contrast with this, he said, the average pay of workingmen in other occupations in 1917 was $994.16 a year.

Marguerite Clark at the Empire.

A delightful story in every respect, "Three Men and a Girl," Marguerite Clark's latest Paramount picture, which will be shown at the Empire theatre Tuesday, Nov. 11, is based on Edward Childs Carpenter's stage success, "The Three Bears," which was produced at the Empire theatre, New York, in October, 1917.

The theme deals with three men, all of them woman haters, and a vivacious girl, who, to escape an odious marriage, finds refuge in the summer camp where the men had gone to escape women. One of these, Christopher Kent, is pursued by a woman, while Julius Vanneman, a violinist, hates womenkind because he has been jilted. Dr. Henry Forsyth, the third of the bears, as Sylvia Weston, the girl, calls them, is the self-constituted guardian of the others.

When Sylvia escapes from her home to avoid wedding an old man she despised, she flees to the woods and finds refuge in a summer camp where the three woman haters are living. When they return they find her asleep, curled up on a couch. They are extremely annoyed and Sylvia terms them bears and leaves them to take up her residence in a nearby house with her nurse.

A dead line is established between the two habitations, but strangely enough the haters of women seek to cross the dead line continually to talk to Sylvia, whose beauty charms them. So it happens that she falls in love with Kent, the "little bear." The support is excellent.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

MAKING INVESTIGATIONS

Constitutionality of War Time Prohibition Enforcement in Question by St. Louis Brewery Interests

St. Louis, Nov. 8.—Saloon keepers and liquor men of St. Louis and the eastern district of Missouri were somewhat perplexed today as to whether they could continue business and "get by" without being prosecuted at some later date as the result of the status quo brought about by the agreement entered into in federal court here by which prosecutions were halted pending the decision of Federal Judge Pollock as to the constitutionality of the war time prohibition enforcement act in the injunction proceedings brought by St. Louis brewery interests. While the agreement prohibits prosecutions at the present, it does not hinder gathering of evidence by the district attorney and Collector of Internal Revenue Moore on which to base prosecutions. Investigations today, it was stated, are being conducted and evidence accumulated. Should the court decide that the act is constitutional, the offenders against whom this evidence is found will be prosecuted, the district attorney's office stated. The decision is expected in about ten days.

That the federal government will endeavor to overrule the decision in case the federal court here decides against the act as unconstitutonal in interfering with the rights of state governments and their police powers, was emphasized in a dispatch from Washington quoting Attorney General Palmer on the situation in Missouri.

The dispatch quoted the attorney general as saying:

"I may say that in the opinion of this department action on the part of the government agents looking to the enforcement of the wartime prohibition act does not conflict with constitutional provisions reserving police powers to the several states. In the event such a decision is reached by any of the lower courts it will be the duty of officials in this department to seek an apeal."

Attorney General McAllister of Missouri, who was in St. Louis yesterday, declared that the state of Missouri was not contemplating any legal action to question the right of congress to pass and the government to enforce the wartime prohibition enforcement act. This statement was made when the statement of Judge Pollock, fro the bench that "the state should wak up or congress would usurp all the rights" was brought to the attentio of Mr. McAllister.

Casper Authority Will Resign After He Was Refused to Represent the State at Sheriff's Trial

The following dispatch from Casper, Wyo., was in Sunday's Omaha World-Herald:

Casper, Wyo., Nov. 8.—With the development in the series of sensations which began with a battle between officers and bootleggers last Sunday, in which one officer was killed and one mortally wounded by a gang of bootleggers alleged to be directed by Charles Moore, formerly of Omaha, provided today by the statement of Prosecuting Attorney W. P. Allen, that he will tender his resignation to the county commissioners because the salary paid by the office is not worth the criticism he has undergone as a result of this week's embroglio.

Allen' decision was announced after Justice W. Tubbs had refused to permit him to represent the state at the preliminary hearing of Sheriff Pat Royce and Deputy Sheriff W. E. Kilgore, whose arrest Allen had caused on a charge of brutally beating a member of the alleged bootlegging gang, Hugh Armstrong, after the latter had become an unresisting prisoner. Sheriff Royce and Kilgore gave bail of $5,000 each.

FUNERAL FOR T. L. HOWDEN AT ST. JOSEPH THIS AFTERNOON

Prominent Nodaway County Resident Passes Away Yesterday Morning — Burial at Skidmore

Thomas L. Howden, a former resident of Skidmore, died at his home in St. Joseph Sunday morning after an illness of four months. He had been suffering from heart trouble.

Funeral service was held at 2 o'clock this afternoon at the Huffman Memorial church in St. Joseph. The body will be sent to Skidmore tonight and funeral services will be held there at 11 o'clock tomorrow morning at the M. E. church ,and burial will be in the Masonic cemetery there.

Mr. Howden was 51 years old and was born in Quincy, Ill. He had resided in Skidmore for a number of years and was postmaster of that town. He moved to St. Joseph in 1912 and since that time was actively engaged in city church work. He was president of the city Federation of Epworth Leagues of St. Joseph in 1917. His most active work was in Huffman Memorial church of that city, of which he was a member.

He was a member of Skidmore lodge No. 511, A. F. & A. M., and also a member of the Modern Woodmen at Skidmore. He was a salesman for the Pimbley Paint & Glass Company of St. Joseph.

Besides his wife he is survived by one son, Dr. Lawrence Howden of St. Joseph. Two brothers and two sisters survive, William Howden and A. F. Howden of Skidmore, Mrs. L. M. Lane of Oklahoma and Mrs. G. Mart Brown of Lawrence, Kan.

M. NUSBAUM TO RETIRE FROM RETAIL BUSINESS

Pioneer Maryville Merchant Announces His Retirement From Business Here for 47 Years

After a continuous period of forty seven years in the clothing business in Maryville, M. Nusbaum has announced his retirement from business on December 15.

By this statement, Mr. Nusbaum who is much too active minded to withdraw entirely from the business world, does not mean that he expects to do nothing. He will dispose of none of his real estate holdings in Maryville and his mercantile business is disposed of, he will divide his time between St. Joseph and this city.

Mr. Nusbaum opened up a clothing business here in February 1873 and had he remained until February he would have rounded out full forty seven years. He started in a store west of the Nodaway Valley bank. A few years later he moved into one of the John Leiber stores which was in the present location of the Montgomery shoe store. Thirty seven years ago he moved into his present building and has remained there since. At that time this building was one of the finest brick structures on the north side of town. It has since been improved and remodeled.

During this forty seven years of business life, Mr. Nusbaum has always been in the class of progressive, clean dealing merchants.

January first, in company with Mrs. Nusbaum, he will leave for Florida to spend the remainder of the winter and after that their residence will be in St. Joseph. Mr. Nusbaum does not expect to return to the retail business.

Lawrence Keeler visited over the week end at the home of his mother, Mrs. Mary Keeler. Mr. Keeler has been manager of a branch house of Morris & Company at Camp Funston, Kan., for the past year.

Arthur Noid returned this morning from a visit since Thursday in Topeka, Kan.

Sixtieth Anniversary.

Today is an important occasion in the lives of Mr. and Mrs. James Herron, who are observing their sixtieth wedding anniversary at their home in Graham. Both Mr. and Mrs. Herron were born near Unionville, Morgan county, Ohio, where they grew to manhood and womanhood, and were also married there. Mr. Herron enlisted in the Civil War August 6, 1861, in Company E, Second West Virgina Cavalry, serving three years, and receiving an honorable discharge Nov. 28, 1864. After returning from the war he and his family made their home in Ohio until 1869, moving then to eastern Iowa and later to central and northern Iowa, and in 1893 to Missouri, which has since been their home. Mr. and Mrs. Herron are the parents of eight children, all living, who are Mrs. Eva Hooper of Maryville, George Herron of Graham, Mrs. Ida Morrison of Perry, Iowa, Craig Herron of Easton, Mo., Mrs. Retta Smithson of Lancaster, Kans., Mrs. Lillian Burr of Pleasant Hill, Mo., William Herron of Belleville, Ill., and Mrs. Mabel Burr of Graham. They also have twenty grandchildren and seven great-grandchildren, all living. A remarkable record for this couple is that there has never been a death, either child, grandchild or great-grandchild. Both are enjoying very good health at the ages of 84 and 87 years. Our wishes are that they will live many more happy years together.

Surprise Rickmans.

Mr. and Mrs. John Rickman, who will leave this week for their new home in Pueblo, Colo., were given a farewell surprise party and handkerchief shower at their home, south of Maryville, Saturday night by a company of neighbors. The evening was spent in games, after which refreshments of fruit salad and cake were served. Those present were Mr. and Mrs. Eugene Lyle, Mr. and Mrs. John T. Yates, Mr. and Mrs. Lester Lyle, Mr. and Mrs. Dave Lehmer, Mr. and Mrs. F. C. Kelley, Misses Eva Lehmer, Ervilla Belcher, Eula Snowberger, Mae Doran, Myrle Lyle, Esterline Lyle and Louie Lehmer.

P. E. O. Chapter.

Miss Lucie Davis was in charge of the P. E. O. chapter program Saturday afternoon at the home of Miss Carrie Hopkins, on "Masters and Masterpieces in Art." The leader told of "Famous Art Galleries," and Mrs. J. C. Allender talked about "Raphael." Mrs. William Symons had for her subject, "Picture on the Wall." Victrola music concluded the program. A social hour followed and refreshments were served by the hostess, assisted by Miss Nell Hudson.

At the business meeting, preceding the program, the report of the biennial supreme convention held in Denver, Colo., Sept. 30-Oct. 3, was read. The report was submitted to the local chapter by Miss Ruth Hopple, a member of Chapter K, Hopkins, who was a delegate to the convention. The next biennial convention will be held in Kansas City in the fall of 1920, and the local chapter will be entitled to a delegate at this meeting. The fiftieth anniversary of the founding of the P. E. O. Sisterhood was commemorated at the convention this year and the initial program was made up of addresses and a pageant celebrating the event. One of the most important reports was that of the educational fund given by Mrs. Viola Whittlesey, chairman of the board of trustees. She explained the purpose of the fund and the method of making the loans, as well as giving a short history of the fund, emphasizing the fact that it is in no way charity. Mrs. Whittlesey reported that more than $100,000 had been raised for the educational fund and that Missouri was on the honor roll. The first loan was made in May, 1908, and in the eleven years since, 355 girls have been helped to gain their education by this fund, and 40 others have in their applications. St. Louis started an endowment fund by giving $500. At the twenty-sixth annual convention of the Missouri grand chapter held in Fayette last June, the local chapter was reported on the honor roll for giving their quota of $1 or more per member.

Mrs. Clara Fleming Sheldon, president of the Morgantown, West Virginia, chapter, and formerly a member of Chapter K, Hopkins, was present at the supreme convention. Mrs Sheldon, formerly Miss Clara Fleming, is well known here, having taught in the local schools a few years.

Leadership Through Service

A generation ago leadership in any industry was interpreted to mean the ruthless use of power.

Today it is recognized that leadership in industry is attained and maintained only when, through efficiency, an organization is able to render superior service.

A generation ago competition meant getting the business without regard for its effect on the industry.

Today competition means friendly rivalry in supplying the world with superior products at a minimum cost, and getting the business through superior service.

The Standard Oil Company (Indiana) enjoys a leading position in the petroleum industry, and is maintaining this leadership because it recognizes that this position can be measured only in terms of usefulness and service.

It is the ambition of those responsible for the activities of the Company to strengthen this leadership.

The Standard Oil Company (Indiana) believes that an organization can live and prosper only when it puts ideals of service above ideals of profit, which is exactly what the Standard Oil Company (Indiana) is doing. The profits earned are but a measure of the service rendered.

Thus does the Board of Directors of the Standard Oil Company (Indiana) interpret its obligation to the public and to the 4649 stockholders, not one of whom owns as much as 10 per cent of the total stock.

ALL TOLEDO WALKS—CITY RAILWAY SERVICE OFF

As Culmination of Twelve Years Franchise Fight—Were Withdrawn at Midnight Saturday

Toledo, O., Nov. 10.—Toledo today felt the full effect of the withdrawal of the street railway transportation. Thousands going to work today were forced to walk or make use of all form of motor transportation, which was pressed into service.

The withdrawal of all street cars from the city at midnight, Saturday, came as the culmination of a twelve years franchise fight and on the heels of official notification to the Toledo railways and light company that the voters of the city had approved an ouster ordinance passed some time ago by the city council.

Loads China Eggs With Grog.

Spokane, Wash., Nov. 8.—Versatile Steve Dahlin, of Spokane, had been a liberal distiller of grog, but always fearful of the vigilant eye of Uncle Sam. So he one day devised a scheme to fool his uncle. He carried a standing "classified" reading "Wanted—A setting hen." Sellers kept Steve supplied with a couple of birds most of the year. They were placed on a nest in the loft of a "house" about 3x3, and tow of these hen tenements nicely covered two well fed stills. But one unhappy day a deputy U. S. Marshall entered. It was then discovered that each of the hens were endeavoring to bring forth Rhode Island Reds from eggs composed of china. It cost the camouflager $150 for his enterprise, confiscation of his stills and doubtless the confidence of two industrious and well meaning hens.

KEY MAN FORCED TO QUIT HIS JOB

Lay Helpless In Bed When He Got Tanlac—Gains 25 Pounds and Is Now Back at Work

"When I took my first dose of Tanlac I was flat on my back in bed and my wife and friends had lost all hope. Five days afterward I was out of bed, and now, since taking six bottles, I'm back at work, feeling as well as I ever felt in my life and I've gained twenty-five pounds," was the truly remarkable statement madea few days ago by A. W. Ruggles, a well known telegraph operator, living at South Spring street, Springfield, Ill.

"I know it's hard for people to believe this," he continued, "but it's the honest truth. My wife and all my neighbors as well as a host of friends will testify to what I say and I am willing to go before a notary and make an affidavit to this effect.

"About ten years ago I began to suffer with indigestion and stomach trouble. My appetite began to fail me and no matter how many tempting dishes my wife would fix up, I just had to force myself to eat. This, of course, weakened me terribly and before long I realized I was breaking down under the strain of my trying work at the telegraph key. My nerves were all torn to pieces and it was only my main force that I stuck by my key in the afternoon when the work began to pile up.

"Nobody will ever know how I suffered unless they have been through the same thing. Every time I ate anything I would have terrible pains and cramps around my stomach afterwards. Gas would form and press against my heart until I would get right dizzy and several times I actually fainted. My work was simply torment to me. I would break out with cold perspiration at the least little excitement, and a few moments would be so weak I could hardly sit up. I couldn't sleep to do me any good and kept going down until I had lost twenty-five pounds.

"Finally, I had just had to quit work altogether and went home to be a nervous wreck. I had lain there helpless for six weeks and everybody who saw me thought I'd never get up again, when my wife got some Tanlac and I took it, and, as I said before, in five days I was out of that bed.

"Well, sir, I'll admit I was surprised by my friends had not been allowed to see a few days before were dumfounded to see me up and looking so fine. I kept on taking Tanlac until now I am back at work and feel as well as I ever felt in my life. I eat anything I want, enjoy every mouthful, and nothing hurts me at all. The pains have all disappeared and I sleep sound all night long. I enjoy my work just like I used to years ago and I feel so thankful for what Tanlac has done for me that I would like every person in the world who is suffering like I was to know about it."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, in Hopkins by Hopkins Drugs Co., and in Parnell by F. L. Hart." ADV.

REPUBLICANS PREDICT FINAL PEACE TREATY VOTE THIS WEEK

Tentative Date For Adjournment of Congress Set Today for November 18

Washington, Nov. 10.—The prediction is being repeatedly made by Republican leaders in the senate that this week would see the final action taken in the ratification of the German Peace treaty. This has arisen from the fact that November 18, was today fixed as the tentative date for adjournment of the first session of the sixty-sixth congress.

Boys Find Famous "Lost Cave."

Poplar Bluff, Mo., Nov. 8.—While hunting six miles east of Poplar Bluff two boys discovered what is thought to be the "Lost Cave" for which, it is declared, Indians searched in vain for sixty years. The ground gave way under the boys while they were chasing a rabbit and they fell many feet into the cave. An exploring party which spent several hours in the cave said they went nearly two miles back through passages perfectly shaped and failed to reach the end. A stream of deep swift-running water runs through the cave and disappears through a hole near the entrance.

Watch for Counterfeit W. S. S.

San Francisco, Calif., Nov. 8.—Watch out for counterfeit war savings stamps. This is the warning issued here and being followed closely by merchants today. The warning was issued by William J. McGee, assistant treasurer of the United States at the San Francisco sub-treasury, and is meant for national observance.

The counterfeits are photographic reproductions, in good color blue ink, but the fine lines behind the portrait in the genuine appear in the counterfeit as solid color. The counterfeit stamps are pasted on the genuine certificates and cashed at their prevailing rate by merchants.

"Cow Didn't Have Tail Light."

Kansas City, Kan., Nov. 8. — "But, Judge, the cow didn't have a tail light," demurred Leo Brown, 25, before Judge Herrod in the police court the other morning. Then a wave of perplexity overspread the judge's countenance, but quickly changed to an expression of scorn.

"Cow doesn't need tail light. You are fined $10 and costs," he snapped.

It all came about when the cow loomed up suddenly in the glare of the headlights of Borwn's car a few nights ago and he failed to apply the brakes quickly enough to prevent the machine knocking the animal to the side of the road.

Mild Winter? Perhaps.

Greensburg, Pa., Nov. 8.—A mild winter is predicted by the caterpillars, at least for western Pennsylvania. Dark rings on the caterpillars' coats signify hard weather; light rings, mild weather. The coats of the worms this year are mostly light in color.

Four Year Old Hero.

Jefferson City, Mo., Nov. 10.—Jack Wheeler, at the age of four years, has won himself a niche in the "Hall of Fame", at least in so far as residents of Jefferson City are concerned. He is believed to be the youngest rescuer of a drowning person in history.

Jack won his glory by plunging into Ware creek and rescuing his 19 months brother, who had fallen into the water where it was deep enough to drown him. The mother, hearing Jack's cry of distress when the baby fell into the creek, rushed to the scene just as Jack was dragging the infant onto the bank. The story failed to say whether Jack calmly doffed his shoes and coat before making the rescue plunge.

George Davis at Havana.

Mr. and Mrs. Chauncy C. Lawrence of Terre Haute, Ind.; Mr. and Mrs. George D. Davis of Alvord, Ia; and Mr. and Mrs. Rufus K. Teller of New York City leave today on the P. & O. steamer. The Davis' arrived Saturday from Florida.—Havana (Cuba) Daily Post.

Mr. and Mrs. Davis will visit here on the homeward journey with Mr. Davis' father, George Davis, and family, of West Halsey street. Mr. Davis is in the banking business at Alvord. He and his wife have been making an extensive trip, visiting first Washington, Niagara Falls and New York, then touring the Atlantic coast to Key West, Fla., and over to Havana two weeks ago.

In 1916 there were 72,000 divorces granted in the United States, the record among civilized nations being surpassed only by Japan.

Mr. and Mrs. Harry Taylor of Graham announce the birth of a daughter today.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo obtained at any drug store for 35c, or extra large bottle at $1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source. Get a bottle today, begin the only logical treatment that gives real results. For free medical advice write Medical Director, 47 Swift Laboratory, Atlanta, Ga.
